

## Manufactured Housing Communities of Arizona:

This year more than any other, Maricopa County Department of Public Health wants you to get your flu vaccine and will offering them for **at no cost to you** at manufactured home parks and resorts in Maricopa County.

The COVID-19 pandemic has pushed our hospitals to their limits, and we want to make sure this flu season that there is a bed for anyone who may need one. This means trying to keep as many people from having to go to the hospital in the first place.

We are able to **come to your park** located within **Maricopa County** on a first-come, first served basis. Rest assured, the RN's and staff will take all social distancing and clinical precautions.

You pick the day and time and we will try to accommodate you beginning Oct. 19. We do expect the dates to fill quickly. Due to capacity we do need a minimum of 25 persons.

I have included a Flu Fact Sheet that may answer resident questions.

Please contact me at [Laurie.thomas@maricopa.gov](mailto:Laurie.thomas@maricopa.gov) or 602 372-8436.
